

The poles around Hakuba rail way station will be gone in a few years. ( Removal of roadside utility poles and bury the lines in the ground)

**Hakuba village has declared for Zero Carbon City on Feb 23, 2020.**

Hakuba village has declared to promote “Cool Choice” of National movement for global warming prevention measures on June, 2017, therefore we have been working to keep a wealth of nature and have been planning the town of low carbon.

Hakuba village that contributes to zero carbon emission by 2050 works on activity to aim for a decarbonized society for leaving an environment blessed with nature in the future villager.
